

## HPD HOLIDAY HOCKEY CLINIC

---

This Year's Holiday Hockey clinic will have two ice sessions. The first ice session concentration will be on skating, stickhandling and shooting. The second ice time will consist of a review of the first ice session and then a series of small area games. Players will be divided according to age and ability level.

The younger age group (6-9) will have an off-ice training session that will include a hockey specific off-ice workout. The older age group (10-14) will have an off-ice video session run by a current NHL scout. Both groups will be provided with lunch.

This clinic is an excellent way to learn and build upon proper techniques in all aspects of the game. Ultimately, creating the foundation that will separate the player from his peers.
